

Development Toolkit™

Accelerates your TDF development

Features

Speeds development. Allows you to spend less time developing TDF files.

Saves you money. Make back your investment and more with just one application.

Pricing. \$995 USD for the base system of either TDFCreate with TDFAudit or OverlayTrac with TDFAudit. Other TDF Development tools are \$395 when purchased with the base or \$595 when purchased separately.

Components

TDFCreate™ -Creates TDF file automatically from ASCII file of field names or JetForm Design's Report With Fields.

TDF Audit™ - Audits TDF files and form files for internal inconsistencies and problems.

OverlayTrac™ -Automatically create TDF files for print image data with multiple sections.

FormFeedTrac™ -Inserts form feeds for problem print image files.

BlankTrac™ -Inserts a trigger character in the column you specify to allow section changes in problem print image files.

LastEjectTrac™ -Eliminates duplicate last page from print jobs caused by an unnecessary last ^eject.

The Company

Pro Technology Automation is an industry leader for developing custom JetForm Central™ solutions. Pro Technology has over six years of experience with hundreds of clients, providing both custom agents and development, consulting, implementation and training for JetForm Central solutions.

Other Products

Pro Technology markets and installs a large variety of its ProTrac™ JetForm Central™ custom agents that give JetForm Central the functionality your business has always needed but lived without until now. Some of the many functions include sorting records, separating documents for different printers, reformatting addresses, reprinting, and more that automate tasks traditionally handled by one or several employees. We can even develop a custom agent specifically for your needs.
